**We acknowledge the traditional custodians of the land on which we live and work and we pay our respects to the Elders both past and present**

**14th November, 2018**

Dear Parents and Carers,

On Monday night I had the pleasure of watching the Lighthouse Community of Schools concert at the CEX. What a fantastic presentation of local talent from our school and our community of schools. A big thank you to Ms Ford and her team for her many hours of organisation and rehearsals.

Our school chess team competed against a range of local schools at St Augustine's last Friday. They all put in a fantastic effort and it was lovely to hear about their terrific sportsmanship on the day from those attending. Thank you to Mrs Grimston, Mrs Lane and Ms Wilfert for their coaching and supervision on the day.

Thank you to our fabulous staff and students who have been working hard this term academically and for the time and effort that is going in to making our end of year concert one not to be missed!

Mrs Buehler will return from leave next week. I have enjoyed relieving for her whilst she has been on leave. Thank you to Miss Bullen for the excellent job she has done relieving in the Deputy Principal position.

Have a terrific week,

Kellie

## NUDE FOOD DAY INFORMATION FOR PARENTS

### What is Nude Food?

**Nude Food** is simply food that is not wrapped in foil, plastic or commercial packaging.

The best type of nude food consists mainly of fresh food, so that it is healthy and nutritious PLUS environmentally friendly.

Promoting Nude Food empowers students to make conscious choices about what they eat, and encourages them to think about their impact on the environment (and their health). You might be amazed with how enthused your child can become on this...

### ✓ To pack a Nude Food Lunch or Snack, you will need:

- Cutlery from home is better than throwaway plastic ones
- Plastic or metal drink bottles are recommended for refilling with water
- Reusable containers for putting all of your food, snacks and drinks into
- Lunch boxes that have lots of separate sections can be useful to avoid lost lids or containers

### ✗ Try to avoid:

- Zip lock or plastic bags, plastic wrap or aluminium foil
- Tetra packed drinks, single serve yoghurts and cheese
- Single use plastic forks and spoons
- Prepackaged food, i.e. biscuits, snack bars and chips

### Tips for Packing Nude Food Lunches:

- Try to involve the kids in helping decide what to take. This will help to avoid uneaten foods being thrown out, plus will save your family money as well. Also, remember to praise your child if they do eat something healthy which is new for them.
- Try to pack the lunches the night before and store in the fridge overnight to avoid the mad rush in the morning.
- If your child normally enjoys chips, yoghurt or other prepackaged snacks, buy these in a larger format and you can decant these into smaller reusable containers or lunchbox.
- If your child does enjoy chips, why not try making your own veggie versions using sliced beetroot, parsnip or sweet potato and baking in the oven?
- Try to use fruit and vegetables that are in season. Seasonal produce is friendly to the environment as well as to your budget, as less fuels are used to transport it into your supermarket.
- Go to [www.nudefoodday.com.au/resources](http://www.nudefoodday.com.au/resources) for Nude Food recipe ideas.

## Keeping Your Child Safe - Road Safety

The school community is concerned about ways to make our morning drop off routine safer. Parent's cars should not enter the bus zone between 8am - 9:30am & 2:30pm - 4pm.

This means that children can use the crossing safely without cars entering the area. The best place to drop your child off in the **morning**, is further down Salamander Street.

In the **afternoon** children line up and are led down by a teacher to Curacoa Street where parents are able to park easily and safely. This is suitable for K-6 students.

# What's happening in KG!

This term KG have been learning all about worms! Students have discovered many new and interesting facts about worms, including how important worms are for a healthy garden. We've had our very own wormery in the classroom to observe earthworms and how they make their burrows and feed on dead leaves. We've also been collecting our fruit scraps and feeding them to the worms in the worm farms in the sustainability garden.
