9 November 2020

Dear Parents and Carers,

What a fantastic day we had on Friday last week with The Colour Run. It was very well organised by Mrs Leman and the entire school including students and staff had a great day. To date there has been \$13700 raised and the school should get approximately \$10000 after all expenses have been taken out. This will certainly assist us to buy some new resources for the library. Thank you so much to everyone who participated.

Intensive swimming lessons started today and will continue for the next two weeks. Please make sure your child comes dressed to school with their swimmers on and a labelled bag has their underwear and towel. Over the years we have found that the improvement is incredible as each child is able to practise their skills for 10 consecutive days. Thank you to the many staff who are supporting the students in this very worthwhile program.

Kindergarten 2021 transition lessons will start this Friday. We are very mindful of the COVID guidelines and ask that all parents sign their child into school just before 9.15am and then return to pick them up at 10.30am. Children must be enrolled to attend Kinder transition. So if you haven't had an enrolment meeting with myself or one of the Assistant Principals please ring the school office and we will happily organise one. Currently we have over sixty students enrolled for 2021 Kindergarten.

This week we will be having a new shed built to store all of our sports equipment.

Over the last eight weeks, our staff, students and community have had various opportunities to participate in discussions on-line and face to face to give feedback and contribute ideas for school improvement. We really value the time taken to give feedback and have spent considerable time analysing this information. We are now ready to develop a new school vision statement for the next four years and then to write our new four year school plan. If you are interested in being part of a focus group to further discuss these ideas, please complete the tear off sheet attached in today's newsletter and return it to school by Wednesday 18 November 2020. We will have a maximum of 20 parents/ carers in the focus group meeting. Thank you for considering to be a part of this.

The new COVID guidelines for schools have just been released and we are currently in discussions with staff regarding how year 6 events and Presentation Day will look. I will send home some further information when we have devised a plan.

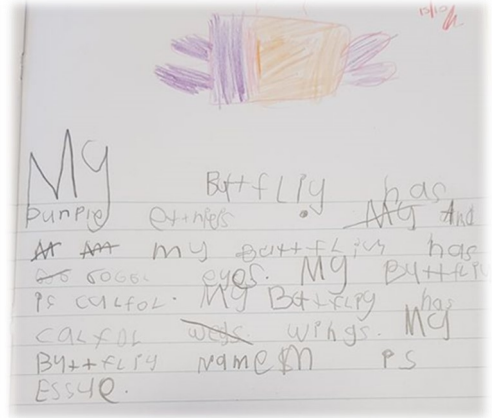

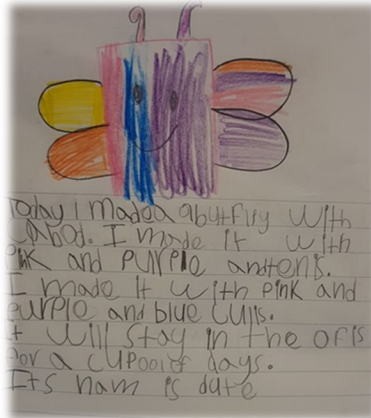

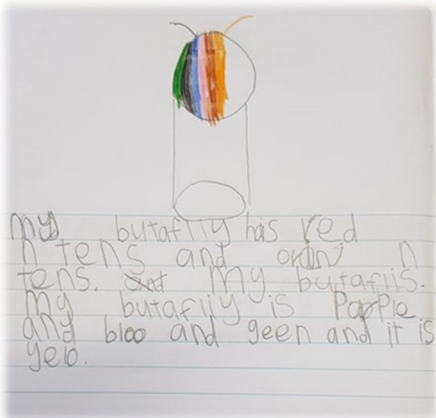

I'd like to take this opportunity to thank Mrs Shelley Anderson who relieved as Principal for the first three weeks of this term whilst I took some Long Service Leave. Mrs Anderson did a tremendous job leading the school and I am very grateful to her.

Have a great fortnight,

Leonie

KJW News

In KJW we have been learning about "Living Things" in our Science unit. We learned about what living things need to survive and we planted seedlings and observed hermit crabs. KJW made butterflies by using paper cups, pipe cleaners and painted paper. We then wrote a description of our butterflies during a writing lesson.

3/4R News

On Friday 30th October, Stage 2 were fortunate enough to meet famous Canadian astronaut Chris Hadfield via a live webinar. Coffs Harbour Public School was selected as one of the few schools in QLD and NSW to be a part of this event and the students were thrilled to hear his stories and have their questions about space travel answered.
